

# 2016 Brevet de fin d'études moyennes (BFEM)

## Épreuve d'anglais LV1

---

### I. Text comprehension (8 points)

1. A young man and his girlfriend decided to get married. There were a lot of guests for the wedding ceremony which was sumptuously organized. After the wedding ceremony, the bride and the groom went to a hotel for their honeymoon.

2. As soon as they were in the hotel room, the bride took her new smartphone to reply to congratulations that had been sent by her numerous relatives and friends. When her new spouse came closer, she was busy texting and kept replying to each and every received message instead of responding to his advances.

3. Seeing that she was more interested in texting her friends than being intimate, the groom asked her to stop texting. But she refused and became angry. When he asked her if her friends were more important than he was, the bride answered that they were. As the argument between them became unexpectedly heated, the groom told his bride he was divorcing her and left the hotel.

4. A divorce case was filed and the court referred it to the reconciliation committee to see if the newly-weds could be reconciled. But the groom refused to withdraw the case and insisted on the divorce. Eventually, the bride was divorced by her husband due to a problem on their wedding night.

5. A legal expert warned against the alarmingly growing figures of divorce among newly-weds, saying that they reached around 50 per cent: "Misunderstandings, differences in views and the easy approach to marriage without a deep appreciation of the responsibilities are among the major causes for divorce among young people." He added: "Marriages are bound to fail when there are no robust foundations or trust."
